Re: Notice of Violation Docket # 5005-12  
Frenchie Draw Compressor Station

Dear Mr. Buck:

Thank you for the submittal of payment in March 2013. We are also in receipt of the information for the permitting and installation of the control for the Amine Unit as required within paragraph 10 B of the Settlement Agreement. Documentation for the installation of the control was provided to the Division on May 21, 2015, and the Notice of Violation was closed on that date. The Division is satisfied that the requirements stipulated within the agreement have been completed and the file will be annotated to reflect this. We appreciate the opportunity to work in a collaborative capacity with Encana Oil and Gas, Inc. to resolve compliance concerns.

If you should have any questions, please feel free to contact Ann Shed at (307) 777-8601.

Sincerely,

Steven A. Dietrich  
Administrator  
Air Quality Division
